

COPPERFIELD'S BOOKS
MONTGOMERY VILLAGE PRESENTS:

Sunday, December 4, 1:30pm

David Watts

Reading first as David Watts from *At High Altitude* and then from *The Color of Desire* as Harvey Ellis, his pseudonym. In addition to Poetry, Word Jazz and Short Stories, the evening will include discussions of consciousness, the creative process of accessing various areas of thought, and the techniques which bring this about. As it turns out

these same techniques are useful for breaking through writer's block.
